The screenshot shows a software window titled "Add Audio". It has a sidebar on the left with a "NO ALERT" status and a "No Photo Available" message. The main area is divided into two sections: "Data Item Information" and "Audio". The "Data Item Information" section contains two text input fields: "Item Name" (with the text "Patient interview") and "Item Description" (with the text "Interview recorded by patient on road of 1/15/00"). The "Audio" section contains five buttons: "RECORDING", "STOP", "PLAY", "RECORD", and "ENDING".

The screenshot shows a software window titled "Add Text". It has a sidebar on the left with a "NO ALERT" status and a "No Photo Available" message. The main area is divided into two sections: "Data Item Information" and "Text". The "Data Item Information" section contains two text input fields: "Item Name" (with the text "Patient interview") and "Item Description" (with the text "Interview recorded by patient on road of 1/15/00"). The "Text" section contains a large text area with the following text: "Patient's first description of hearing difficulties. The earliest memory was observed. Plus no changes. First the patient into a group. What description? indicated no information. Why not to contact Dr. A.".
